CompTIA Security+ Certification
2017 Objectives

itcap™

What is Security+, and why should I take this class?
Great questions! Security+ (2017 Objectives) is an internationally-recognized certification and proves competency in mitigation techniques, risk mitigation activities, so you will operate with an awareness of applicable policies, laws, and regulation. You should take this class to demonstrate your knowledge in one of the fastest-growing fields in IT.

What will I learn?
- Threats, attacks, and vulnerabilities
- Technologies and tools
- Architecture and design
- Identity and access management
- Risk management
- Cryptography and PKI

What are the course prerequisites?
CompTIA A+ and Microsoft Networking Fundamentals or Network+ certification is all you need to take this course. Depending on your experience, these prerequisites can be waived with instructor approval.

Can I take this class online?
Yes, you can. The class is designed to be offered online and is available 24/7. The best feature is the instructor assigned to you – on day 1 – for the duration of your class. They are 100% confident that if you follow their direction, you will become certified. Instructors are available via text, phone, or email.

How long will it take to finish?
Many students complete the class sooner, but we give you three months so you can work at a pace that fits into your current commitments.

Who should take this class?
Anyone who believes computer security is here to stay should take this class, and that pretty much means everyone.

When does the class start?
This class starts most Mondays. Register early to get the start date that works for you.
