

## **Why should I take this class?**

So glad you asked! This course leads to an internationally-recognized credential (Microsoft's Networking Fundamentals) validating the knowledge required of foundation-level IT network practitioners. You should take this class for vital skills needed (shown below) to perform at a level that proves your expertise.

## **What will I learn?**

In addition to gaining a basic understanding of emerging technologies, including unified communications, mobile, cloud and virtualization technologies, you'll learn the skills required to:

- troubleshoot, configure, and manage common network wireless and wired devices.
- establish basic network design and connectivity.
- understand and maintain network documentation.
- identify network limitations and weaknesses.
- implement network security, standards, and protocols.

## **What are the prerequisites?**

CompTIA A+ certification is all you need to take this course. Depending on your experience, this prerequisite can be waived with instructor approval.

## **Can I take this class online?**

Yes, you can. The class is designed to be offered online and is available 24/7. The best feature is the instructor assigned to you – on day 1 – for the duration of your class. They are 100% confident that if you follow their direction, you will become certified. Instructors are available via text, phone, or email.

## **How long will it take to finish?**

Many students complete the class sooner, but we give you three months so you can work at a pace that fits into your current commitments.

## **Who should take this class?**

Anyone who believes computer networking is here to stay should take this class, and that pretty much means everyone.

## **Will my tuition assistance program benefits cover the cost?**

Yes, if you have enough funds in your tuition assistance account, there are no out-of-pocket expenses. Wow! You can get an internationally-recognized certification with no out-of-pocket costs.

## **How much does it cost?**

The tuition is \$1,400, and your tuition assistance program covers the cost of the class, the materials, and one certification exam voucher.

## **When does the class start?**

This class starts most Mondays. Register early to get the start date that works for you.
